

Dr. Schutz®

NATURAL FLOORS, WHICH STAY LOVELY

Dr. Schutz – this means long-term protection,
easy application and especially long
enjoyment of your own floor

Dr. Schutz - a brand of **Dr. Schutz® GROUP**

THE BEST CARE FOR SEALED WOOD & CORK FLOORS

For your floor – simply lasting beauty

The noble appearance of sealed wood and cork floors perfectly sets the scene in your rooms – with the best care and cleaning for the long term. For this Dr. Schutz has a complete care system for all your needs and special requirements: starting with initial care after purchase, through the effective refreshing of an old floor, to scratch protection and special cleaning. Because exclusive things need quality.

Wood & Cork Floor Cleaner does a great job of dissolving dirt and grease – without cleaning smears or layers. **Wood & Cork Floor Polish satin** protects against scratches and footmarks and gives old, dull floors a pleasant new satin shine. **Wood & Cork Floor Polish Mat** protects against scratches and footmarks and also gives old, dull floors a pleasant matt care-film. **Wood Floor Deep Clean** serves best for special and gentle cleaning.

THE BEST CARE FOR OILED WOOD & CORK FLOORS

For a natural and elegant appearance

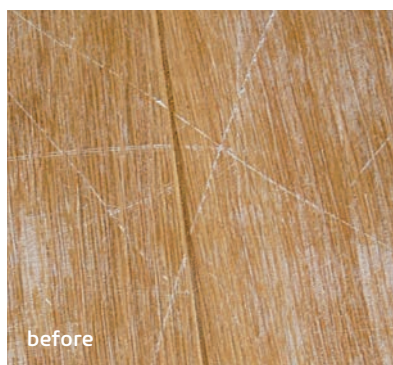

New oiled wood and cork floors present a visual effect which many are passionate about. With the new care system from Dr. Schutz you can preserve this effect – with very little time and trouble!

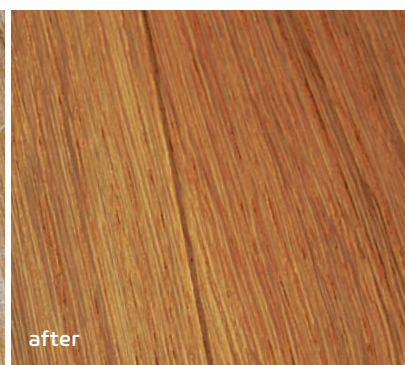

H₂Oil is a water-based care-oil on a natural basis for refreshing old oiled wood and cork floors. This makes the care of oiled floors easy work: simply apply H₂Oil with a mop and that's it – no polishing, no removing excess oil! The floor is given a high-quality satin-matt appearance and optimal protection. For white coloured floors **H₂Oil white** is available. **Wood Care for oiled floors** cleans thoroughly and gently and has special cleaning power, based on natural soap with a gentle pH-value. For white coloured floors the **Wood Care white** version is available. The **Care Set for oiled wood and cork floors** is the perfect Starter-Set for newly laid floors. In addition to Wood Care for oiled floors and H₂Oil, the set contains a Pad-Master with a green pad and care instructions according to the German norm DIN 18356 for working on wood floors.

THE BEST CARE FOR RESILIENT FLOOR COVERINGS

Perfectly coordinated with your floors

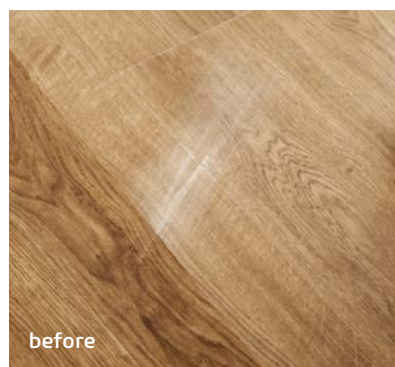

The noble appearance of elegant linoleum, Design floors or CV and LVT coverings creates a special experience in a room, which can be preserved for a long time – with the right care. For this Dr. Schutz offers the optimal products, which are carefully coordinated and adapted for the most diverse floor coverings, so they can fulfill every requirement. Starting with cleaning and stripping, through refreshing to removing stains.

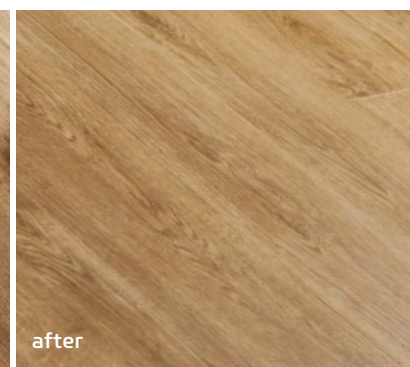

PU Cleaner/Schutz Cleaner is suitable for day-to-day cleaning. Ideal for floors which have been treated with PU Sealer/Waxnomor or have a factory applied PU-finish. Use **Floor Mat** to refresh worn surfaces. The **Design Floor Care Set** combines both these and also includes a white hand-pad for the removal of heel marks, as well as cleaning and care instructions according to the German norm DIN 18365. For shiny floors the **Floor Shine** version is available. **Floor Mat / Shine** is also suitable for renovating care-film in a high-speed process.

THE BEST CARE FOR YOUR LAMINATE FLOOR

Hygienic and clean –
that is how a lovely floor remains attractive

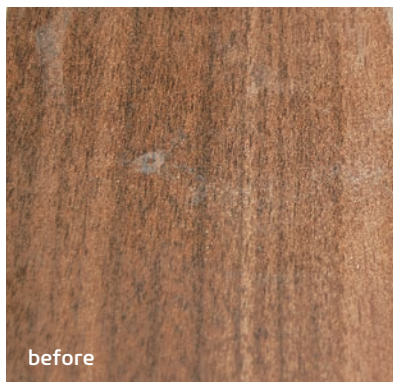

Although laminate is hard-wearing and practical, daily use and wear still leave their marks on the floor. Whether it is dirt, grease, shoe marks or bad smells like nicotine – the special Laminate Cleaner from Dr. Schutz, with protection against swelling and odor absorber, ensures perfect appearance and hygiene. Caring couldn't be easier.

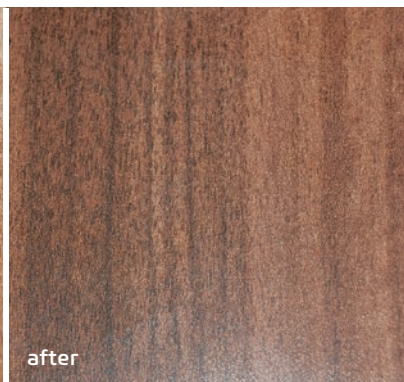

Laminate Cleaner cleans thoroughly and gently, doesn't form layers – can be used post-installation or for regular care. Recommended by the Association of European Laminate Floor Manufacturers (EPLF).

THE DR. SCHUTZ-GUARANTEE

100% Safety for your floors

All Dr. Schutz-products have been developed in close coordination with the flooring manufacturers and guarantee your floor optimal maintenance. By handing over this brochure your specialist retailer complies with the German DIN-norms, which form the basis for the guarantee.

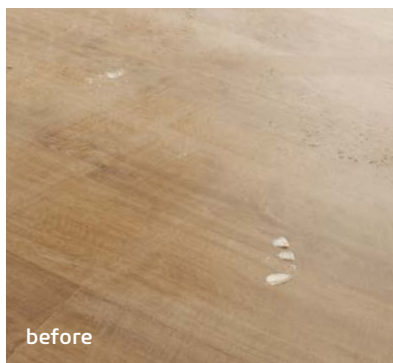

CLEANING & CARE MADE EASY WITH THE SPRAYMOP

For every task the appropriate product

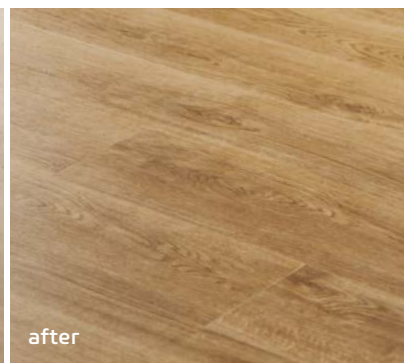

The ideal mopping machine for day-to-day cleaning of all hard floors, such as PVC, LVT, lino, CV, Design floors, stone floors and all wood, cork and laminate floors. By simply turning the spray lever, the floor is cleaned with slightly moist mopping. This is the simple and easy way to clean moisture-sensitive floors. Also ideally suitable for post-installation cleaning.

Spraymax is an environmentally friendly spray-cleaner for all kind of hard floors. For quick and uncomplicated interim cleaning. Binds loose dust and fine dirt hygienically. Cleans without streaks and does not form layers. Excessive dosage and the swelling effect of too much moisture are prevented. Because the SprayMop functions without additional fluids, it is ideally suitable for moisture-sensitive surfaces
