Product-Information

Super Stain Remover R

1. Product Description

Stain removal spray for the professional removal of especially stubborn water insoluble stains. Removes thoroughly and quickly glue and paint residues, edding pen, nail varnish etc.

2. Areas of Application

Colour resistant textile floor coverings, upholstery and textiles.

3. Method of Application

Spray sparingly directly onto stains on carpets and textile floor coverings, dab carefully with absorbent cloth. For upholstery and textiles spray onto absorbent cloth and dab. Spray onto stains of chewing gum and dispersion paint, leave to draw for approx. 30 seconds, then dab carefully. Lift coarse residues for instance with a teaspoon or back edge of a knife. Then spray again and dab carefully.

Note: First test Super Stain Remover R on an inconspicuous area for colour fastness and material stability.

4. Technical Data

pH-level: n.a., as solvent based
Product code for cleaning and care products (Giscode): GG 20

Data on ingredients (EC recommendation): Contains perfumes, CITRAL, LIMONENE, solvents, propellants.

This product is classified as "dangerous" according to the EC-Directive 1999/45/EC. It is labelled with danger symbol "F+ (Extremely flammable)" and risk phrases "Extremely flammable. In use, may form flammable/explosive vapour-air mixture. Repeated exposure may cause skin dryness or cracking. Vapours may cause drowsiness and dizziness." Do not breathe spray. Avoid contact with skin and eyes. Use only in well-ventilated areas.

Super Stain Remover R should be stored in a cool, dry place in its closed original container. Keep locked up and out of the reach of children.

Super Stain Remover R

6. Unit Sizes

12 x 200 ml Spray-bottle

The above advice on procedure for use is based on the best of our knowledge and the latest information available on cleaning technology. For this reason, when using our quality products, no damage will be incurred to the materials to be cleaned if strict attention is paid to the instructions printed on the container and the procedure suggested by us is followed. The use to which our products are put is, however, beyond our control. It is the responsibility of the user and does not release the user from making his own checks of the products supplied by us as to their suitability for the intended procedure and purposes. The information supplied by us is therefore non-binding and cannot be used as a basis for establishing the company's liability for any damage incurred. This also includes the infringement of any rights for the protection of third parties.
