## eukula care emulsion

### 1. PRODUCT DESCRIPTION

Soap-based wipe care concentrate. For regular cleaning and maintenance of oiled wood and cork floors. For residential and commercial applications.

- Based on natural rapeseed oil in edible oil quality, saponified in a gentle process.
- Excellent dirt binding, even with greasy residues.
- Re-greasing. No leaching of the surface, no formation of grey haze.
- Gentle on the skin.
- Suitable for use in automatic cleaning machines.

Available variants: Colorless / White (only recommended for surfaces that have been previously treated with a white oil)

Not recommended for coated surfaces without grain enhancement, for example coatings with waterbased oils and other waterbased laquers.

### 2. APPLICATION

Remove coarse dirt by sweeping or vacuuming. For routine cleaning, dilute 1:200 (50 ml per 10 l) with water and wipe the floor with this cleaning solution until damp. Allow to dry.

For stripping, increase addition to 1:10. Apply with a mop. After a short reaction time, rub the floor vigorously with a wet cloth (brush or mono-disc machine/green pad). Vacuum off the dirt. Wipe with clean water. Ventilate well for quick drying.

Please note:

- Avoid excessive water use. Generally, use as little water as possible on wooden floors.
- After intensive cleaning, or if the floor has become more exhausted through use and cleaning, the floor must be re-oiled. We recommend doing this: eukula refresher Classic .

### 3. CONSUMPTION

Routine cleaning: 0.1 litre per 100 m<sup>2</sup>

### 4. STORAGE

**eukula**<sup>®</sup>  
WOOD.FLOOR.LOVE

## eukula care emulsion

Store in a cool dry place. Keep out of the reach of children.

### 5. TECHNICAL DATA

Ingredients:

water / rapeseed oil potash soap / Rape oil / perfumes LIMONENE / ethyl alcohol / potassium citrate

GISCODE GU50 (daily cleaning agent, containing solvents, unmarked) (Germany)

ADR/RID: Not a dangerous good as defined by transport regulations.

CLP/GHS: no labelling obligation. UFI: W4D0-J030-Q00T-3187 / 7DP0-60MV-T007-JW66 White

Further information on labelling and on safe handling can be found in the current Safety Data Sheet.

Even when using low-pollution products, the usual safety measures are to be observed. Keep away from children. Completely emptied containers can be disposed of with household waste or with the collection of recyclables.

### 6. SPECIAL NOTES

- Repeated overdosing can lead to an increase in surface smoothness on the treated floor and thus to reduced slip resistance.

### 7. CROSS-REFERENCE
