

Dry Foam for Carpets and Upholstery

1 PRODUCT DESCRIPTION

A dry foam with excellent cleaning qualities as a mild shampoo treatment. For natural fibre and oriental carpets (e.g. wool, silk, coconut, jute, sisal) upholstery, textile finish wall coverings, etc. Extremely flammable.

2 AREAS OF APPLICATION

Particularly suitable for the cleaning of moisture-sensitive natural fibre and oriental carpets (of wool, silk, coir, jute, sisal, hemp, among others). Also recommended for the intensive cleaning of upholstery, textile wall coverings and ornamental covers.

Please pay attention to our technical instructions specifically for floors and buildings under www.dr-schutz.com

3 APPLICATION

Thoroughly vacuum clean the carpet before using the dry foam. Shake the spray can and, with the spray nozzle pointing downwards, spray the foam evenly. Massage it in with a suitable (natural fibre) shampooing brush. When treating upholstery and finely woven materials, use a damp foam rubber wiper pad or a sponge. Allow to dry completely (approx. 2 to 4 hours) before vacuuming the treated area.

Note: Before use, apply Dry Foam for Carpets and Upholstery in an inconspicuous place to test for material suitability, water resistance and colour-fastness.

4 CONSUMPTION

400 ml = 10 m²

5 STORAGE

Dry Foam for Carpets and Upholstery should be stored in a cool, dry place in its closed original container. Protect from frost. Keep locked up and out of the reach of children.

6 TECHNICAL DATA
