

# Super Stain Remover R

## 1 PRODUCT DESCRIPTION

Stain removal spray for the professional removal of especially stubborn water insoluble stains. Removes thoroughly and quickly glue and paint residues, edding pen, nail varnish etc.

## 2 AREAS OF APPLICATION

Colour resistant textile floor coverings, upholstery and textiles.

Please pay attention to our technical instructions specifically for floors and buildings under [www.dr-schutz.com](http://www.dr-schutz.com)

## 3 METHOD OF APPLICATION

Spray sparingly directly onto stains on carpets and textile floor coverings, dab carefully with absorbent cloth. For upholstery and textiles spray onto absorbent cloth and dab. Spray onto stains of chewing gum and dispersion paint, leave to draw for approx. 30 seconds, then dab carefully. Lift coarse residues for instance with a teaspoon or back edge of a knife. Then spray again and dab carefully.

Note: First test Super Stain Remover R on an inconspicuous area for colour fastness and material stability.

## 4 CONSUMPTION

As required.

## 5 STORAGE

Super Stain Remover R should be stored in a cool, dry place in its closed original container. Keep locked up and out of the reach of children.

The above advice for technical application is given to the best of our knowledge and according to the latest state of technology. Therefore, if our products are used carefully heeding the advice given on their application, as well as following our suggested procedures with the materials intended for use with these products, no damage shall occur. However, our products are used outside and beyond our possible control, and are therefore subject to your own responsibility, which does not release you from the obligation to check for yourself whether our supplied products are suitable for your intended purpose and procedure. Therefore our notes and advice are not legally binding and cannot be used against us as grounds for liability - which includes the rights and protection of any third party. The relevant recommendations, guidelines and standard norms are to be observed, as well as the recognized technical rules. On publication, this product information replaces and supersedes the validity of any previous versions.
