Wood & Cork Floor Polish Mat

1 PRODUCT DESCRIPTION
Polymer dispersion containing wax for the initial care treatment of all sealed wood and cork floors treated with a water-resistant satin-finishlacquer. Gives the floor a pleasant matt appearance and protects it against scratches. Regular cleaning of the applied, protective covering is made easier, ideally with Wood & Cork Floor Cleaner
- Now even better matt finish – for a natural look.
- Excellent adhesion, including on UVsealed ready-made wood floors direct from the manufacturer.
- Complies with the requirements of DIN 18032 for floors in sports areas, gyms, etc.

2 AREAS OF APPLICATION
For all wood and cork floors which have been provided with a water-resistant seal
Please pay attention to our technical instructions specifically for floors and buildings under www.dr-schutz.com

3 METHOD OF APPLICATION
Shake Wood & Cork Floor Polish mat well before use. Apply a thin, even film of Wood & Cork Floor Polish mat undiluted to the thoroughly cleaned floor using the Polish Applicator System or a non-felting, wide-headed wiper mop. For increased protection repeat the application at right-angles to the first once the protective film has dried sufficiently to be walked on. Allow the floor surface to dry for at least 12 hours before use but ideally overnight.

The protection of the floor is maintained if Wood & Cork Floor Polish mat is applied at regular intervals after thorough cleaning. The care cycle should be adapted in accordance with the amount of wear and tear to which the floor is subjected and can be taken from the following table:
- Floors subjected to low levels of wear and tear (e.g., in living rooms and bedrooms, offices not open to the public) once or twice per year.
- Floors subjected to medium-to-high levels of wear and tear (e.g., in corridors, on staircases, in offices open to the public) approximately every 3 to 6 months as required, in areas subjected to extreme wear and tear every more frequently
- Floors subjected to medium-to-high levels of wear and tear (e.g., in corridors, on staircases, in offices open to the public) approximately every 3 to 6 months as required, in areas subjected to extreme wear and tear every more frequently.

Notes: When applying the product, avoid strong sunlight and drafts. Turn off under-floor central heating before commencing work

4 CONSUMPTION
Initial Cleaning/Refreshing: 20–25 ml/ m² per application
Wood & Cork Floor Polish Mat

5 STORAGE

Store in cool, dry conditions in well sealed receptacles. Store under lock and key and out of the reach of children.

6 TECHNICAL DATA

Ingredients: Contains METHYLCHLOROISOTHIAZOLINONE, METHYLISOTHIAZOLINONE, BRONOPOL, perfumes, solvents, care compounds.

pH value: 7,5 – 8,0 (concentrat)

ADR/RID: no dangerous good according ADR

CLP: The product is not classified according to the CLP regulation. EUH208 Contains reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one and 2- methyl-2H-isothiazol-3-one (3:1). May produce an allergic reaction.

Completely emptied canisters can be disposed of in domestic waste or taken to a recycling centtire.
