SCRATCHFIX KIT

We cannot "un-scratch"
but we can conceal

SCRATCHFIX APPLICATION

Watch Scratchfix Kit in action:

<https://bit.ly/2NK38gq>

Scratchfix Benefits:

- + Works on any resilient floor manufactured with a polyurethane wear layer
- + Fast and easy to apply
- + Quick solution
- + Treated area can be used same day
- + Immediate problem solver

1

Preparation with Scraper

Remove rough edges with plastic scraper.

2

Preparation: Grey pad

Use grey pad to even out the damaged area.

3

Preparation: Cotton Cloth

Clean any debris off surface with clean cloth.

4

Application: Scratchfix Pen

Use additionally the pen if scratch is deeper.

5

Application: Scratchfix Spray

Hold spray can approximately 8-12" from surface.
Spray with light even coats.

6

Problem solved

Scratchfix hides/conceals scratches and white lines.
It blends in quickly.
